## HE DENOUNCED USURY

REV. GRANT A. ROBBINS DID IN  
SERMON DELIVERED SUN-  
DAY MORNING.

## THE BIBLE WAS TAKEN AS AUTHORITY

Practical Discourse on Practical  
Things Woven Around the Para-  
ble of Dives and Lazarus—  
The Use of Money.

Rev. Grant A. Robbins, pastor of the First Methodist Episcopal church in a powerful sermon delivered yesterday morning, took occasion to in-dorse the fight now being made by the Democrat-Sentinel on the "money sharks" of the community. The sermon was built around the parable of Dives and Lazarus, and was a practical discourse on practical affairs.

He said, in part:  
"We are not to understand that Christ came to teach that it was a crime to possess money. There are two things to consider: First, how a man get his money, and, second, how he spends it or what he does with it. Let us look at the first for a moment. The relation of a man to his wealth and to society is to be determined in large measure by how he obtains his money. If he obtains it by rendering service to humanity or to society he is generally respected for it. As has been recently said, the service rendered is the thing to give honor to, rather than the money, which is but a temporary reward for the service. A man who renders service to humanity or society is entitled to a reasonable degree of the emoluments of service, but the incident from which the text is taken will suggest to us the probability of obtaining a fortune by some other method. It is implied in the text that the man obtains money by engaging in some unholy business, or by illegitimate methods of dealing in a legitimate business.

"I have in mind at this time the case of a man building up a fortune through the unnatural appetite of his fellow man. He built a palace far more attractive than any other in the community, and yet that palace represented the bread money and the shoe money of many little children whose fathers were addicted to the habit of drink. Looking at it from a moral standpoint, this was a fortune built up in an unholy way. But let it not be understood that the only illegitimate fortune in modern times is that built out of the liquor business. Society has been shocked by finding out that statesmen have sold out their honor for gain. Being elected to places of trust and voluntarily taking the oath of office, have been held up to ignominy and shame. Men in high positions in great life insurance companies, have bartered away the interests of the helpless, who have had confidence in them.

By this let it not be understood that all these dishonest methods are used by men from some other place. They come up every day. The observer finds all around him those who take advantage of their fellow men. One of the modern methods is the violation of the usury law, nor is it alone modern. There is nothing spoken of in the Bible with stronger terms of condemnation than that of taking unlawful interest.

"I wish at this point to compliment the Democrat-Sentinel for its editorial position on this subject. While I would not presume to pass judgment upon any special case, and know absolutely nothing of the merits of any local case, yet if there exists in the community such vampire methods the public officers should prosecute to the full extent of the law, and public sentiment should back them.

"Second, a man's relation to his wealth must be determined by what he does with it. Let it be understood that no amount of generosity of expenditure will ever cover up the crime of ill-gotten gain. It is an old aphorism that a man must first be just before he is generous. To give away ill-gotten gains in the name of charity is a mockery. It is the giving of that which belongs to another and not to our own. The only giving worth while is that which a man properly earns for service, or by legitimate business. Frequently society applauds some great gift of charity, when back of this gift the donor has been guilty of dishonesty and duplicity, while he who obtains his money in a legitimate way and uses

it for the good of mankind deserves the highest praise and honor."

## An Auto Trip on Sunday.

Mr. and Mrs. W. H. Ramsey and daughter, Miss Mazie, accompanied by Mrs. Ramsey's sister, Mrs. C. S. Dexter, and Miss Helen Spencer, drove to Warrensburg in Mr. Ramsey's Cadillac touring car Sunday, leaving Sedalia at 2 p. m. and arriving in the Quarry City three hours later.

The party left Warrensburg at 8 o'clock last night, arriving at Knob Noster at 9 o'clock. They spent the night there, and left Knob Noster for Sedalia at 8 o'clock this morning, arriving here at 9:30 o'clock this forenoon.

They had a delightful trip.

## THROWN FROM A HORSE

ALBERT BAKER, THE 7-YEAR-OLD SON OF A FOREMAN AT THE "KATY" SHOPS.

## A DOUBLE FRACTURE OF HIS RIGHT ARM

Member Also Dislocated, and Splintered Bone Penetrates the Joint—Case is Quite Serious, Doctor Says.

Albert Baker, a 7-year-old son of A. A. Baker, an M. K. & T. shop foreman, residing at 1000 South Barrett avenue, sustained a dangerous double fracture and dislocation of the right arm while visiting the family of James Elliott, south of town, Sunday forenoon.

Mr. Baker and family had gone to the Elliott home to spend the Sabbath. Young Baker started to ride a pony, when the animal began to frolic, throwing the boy to the ground. In the hope of breaking the force of the fall the lad put out his right arm, with the result that it was fractured in two places above the elbow, while the elbow was dislocated.

One of the fractured bones penetrated into the joint, and in all probability the child's arm will be stiff for life.

The injured boy was brought to town, where Dr. K. R. Barnum reduced the fractures and set the dislocation, the injury being pronounced one of the most dangerous ever called to the attention of surgeons in this city.

## A PICNIC BY SOCIALISTS

Fully 150 Journeyed to Flat Creek on the Sabbath.

The socialists of Sedalia, with their families and friends, numbering in all about 150, drove out to Thatcher's ford Sunday and enjoyed an all-day basket picnic.

The picnicers left the city in public and private conveyances about 8 o'clock a. m. and returned at 6 p. m. At the noon hour the contents of the many baskets were spread upon the green sward, and a splendid dinner was enjoyed to the fullest.

There were appreciated addresses by Thomas J. Newberry, J. H. Beckmeyer and E. T. Behrens, and this, coupled with social converse and innocent amusements, caused the day to be most pleasantly passed by all.

## UNCLE JEFF ROLLINS DEAD

Interment Will Be at Old Hickory Point Graveyard.

"Uncle Jeff" Rollins, aged more than 70 years, who for a long time resided in the western part of Pettis county, about a mile from the Johnson county line, died at DeBaque, Colo., last Saturday night, information to that effect having been received here today.

"Uncle Jeff" was known to all of the older residents of Western Pettis and no man in the community was held in higher esteem during the years he resided in Missouri. He is survived by two sons, Joseph and Orville Rollins.

The body will be brought to Knob Noster Tuesday, and the burial will be in old Hickory Point graveyard.

## Spent Sunday at Big Spring.

Mr. and Mrs. E. N. Harrison, accompanied by Misses Mayme, Jennie and Margaret Allen, spent Sunday at Big Spring, on Muddy creek, returning home last night. Dinner and supper were taken with the party, the trip being made in one of Mr. Harrison's wagons.

## WHERE WILL HE CUT?

## "CHAUTAUQUA" TONIGHT

THIRD ANNUAL SESSION OPENS  
AT LIBERTY PARK AT  
7:30 O'CLOCK.

## PRELUDE CONCERT THE FIRST NUMBER

Followed by Charles B. Taggart, the  
Funny Man From Vermont; Lec-  
ture by Henry Clark and  
Moving Pictures.

The third annual Chautauqua assembly will open tonight at Liberty park, with a prelude concert at 7:30 o'clock by Charles R. Taggart, the funny man from Vermont, followed by an address by that popular platform orator, Henry Clark, on the "Chautauqua Vision," and closing with a series of fine moving pictures by the Vitagraph Co., depicting scenes from sacred and classical literature.

The theme tonight will be "Solomon's Judgment" and "Jeptah's Daughter." The admission tonight will be 25 cents for adults and 15 cents for children.

There will be no morning session for a day or two, but Mrs. Dodson has, at the last moment, been secured to give practical demonstrations in cooking. An announcement concerning Mrs. Dodson's work will be made through the columns of the Democrat-Sentinel.

The management of the Chautauqua is sparing nothing to make the Chautauqua a greater success than ever before. The big brown tent will be a welcome relief from the glare of the white tent formerly used.

A telephone has been installed on the grounds for the use of the public, and several of the churches and the Chautauqua circle have put up tents, to which their friends are invited for rest and refreshments.

The management of the Chautauqua invites every resident of Pettis county who is interested in a thing that is uplifting and refining to be a partner in making the Sedalia Chautauqua a great success, and every friend that you can enlist only means that the Chautauqua will be bigger and better than ever before.

Come out tonight to the opening of the assembly and let us make every session a successful one, from the beginning to the close.

Michael Boland is Dead.

Michael Boland, a brother of William Boland, the plumber, died at Ne-

vada, Mo., last night, aged 55 years. He was a single man.

The body was brought here this morning. The Rev. Fr. S. Neiberg will conduct funeral services at Sacred Heart church at 8 o'clock tomorrow morning, and burial will be in the Catholic cemetery.

Pallbearers will be: Eugene O'Brien, Michael and Frank McGinley, W. G. Lynch, Edward Donnelly and Joseph Paradis.

Mr. Boland has been at Nevada thirteen years. While working in the mines in the Black Hills, North Dakota, he was struck on the head, receiving injuries which unbalanced his mind.

## IT IS A GREAT RAILROAD

REFERENCE IS HAD TO THE MISSOURI PACIFIC, KNOWN AS THE "OLD RELIABLE."

## PLAN OF FINANCING SOON TO BE PUBLIC

Splendid Record Made by the Road  
During the Recent High Waters  
—No Single Track Line Ever  
Made Better Showing.

St. Louis, Mo., July 19.—Within a short time from the meeting of Missouri Pacific stockholders, the first week in August, the general plan of financing for the Missouri Pacific will be made known generally, says the Star-Chronicle. The most important fact about the issue, which is to be refunding and consolidated and increases the bonded indebtedness of the company less than seventy-five millions, is that the whole has been provided for—in fact, was provided for before President Gould left for Europe and that the provisions were made on terms indicating a high credit to the property. As a matter of fact the participants in the transaction, or a portion of them, had had little to do in the past with Gould railway financing and were governed largely by influence quite apart from the Harriman railroads and in a way indicating that some very ancient and very bitter antagonisms have been shelved.

Conditions Were Favorable.

But conditions were favorable for financing Missouri Pacific. With a perfectly clean cut management in control there has been no unsavory publicity. The road went through the

## FRANCIS FALDER IS DEAD

DIED AT THE HOME OF A DAUGHTER IN GEORGETOWN SUNDAY AFTERNOON.

## REACHED ADVANCED AGE OF 91 YEARS

Rev. Fr. S. Neiberg Will Conduct Burial Services at Sacred Heart Church at 9 O'clock on Tuesday Morning

Francis Falder, father of A. V. and P. M. Falder, of this city, died from general debility at the home of his daughter, Mrs. H. H. Meyer, at Georgetown, at 4 o'clock Sunday afternoon, aged 91 years.

Mr. Falder was born in Switzerland and had been an invalid for a number of years.

Besides the children of this city and the daughter at whose home he died, he leaves the following other children: W. F. Falder, of Flagstaff, Ariz.; C. A. and A. J. Falder, of Rochester, Cal.; Prof. S. N. Falder, of East St. Louis, Ill.

Funeral services will be conducted at Sacred Heart church by the pastor, the Rev. Fr. S. Neiberg, at 9 o'clock tomorrow morning, and burial will be in the Catholic cemetery.

Pallbearers will be: L. H. Archias, William Franken, A. H. Meyer, James P. Quinn, J. J. Wermelskirchen and John L. Sullivan.

## STUDENT TO BE A NURSE

Goes to Canada With Katy Official Who Is Ill.

G. M. Rizer, a medical student from Columbia and a son of O. D. Rizer, a Missouri Pacific passenger conductor, left this morning for Toronto, Canada, having been engaged to nurse J. W. Petheram, chief engineer for the M. K. & T. of Texas, who is recovering from a long illness, in the north.

Mr. Rizer accompanied Mr. Petheram north today and will be absent until September 1.

## BURIAL OF JOHN J. LAMM

Funeral Cortage One of the Longest Ever Seen at Smithton.

The funeral of John J. Lamm, who died Saturday, was held at Smithton Sunday afternoon, the Rev. F. S. Beggs conducting the burial service

at the Methodist church, which was filled with friends who had known and loved the deceased in life.

The eulogy pronounced by the divine on the beloved dead was touching and beautiful, and will long be remembered by all who heard it.

At the conclusion of the service the remains were conveyed to the Smithton cemetery, the cortege that followed the body to its last resting place being one of the longest ever seen in the town. Many beautiful floral offerings rested on the casket.

The following gentlemen served as pallbearers: F. A. Tavenner, Frank L. Wright and George Griffin, all of Smithton; H. W. Meuschke, J. C. McLaughlin and Jacob Brandt, all of Sedalia.

## BALDWIN IN HARD LUCK

THE GAS EXPERT MET WITH MISFORTUNE AT THE DINNER HOUR SUNDAY.

## ENTIRE POLICE FORCE IS NOW AT WORK

If the Party Who Appropriated the Genial Wareham's Property Is Located There Will Be Serious Trouble.

Some vandal can expect trouble if he meets Wareham Baldwin, the gas expert.

Some two weeks ago Mr. Baldwin, in order to be in style, purchased a beautiful and dainty straw hat. It was both pretty and expensive and was highly prized by the owner.

Wareham's wife is away from the city, and while she is absent he is compelled to dine wherever his head is uncovered. Sunday he selected Charles Welch's restaurant at the dinner hour.

He placed his new hat on a rack on the wall, and, after dining for an hour arose and started to pay for the meal. Previously he went for his hat. It was missing, but had been supplanted by an old, dirty and greasy-looking piece of headgear, two sizes too large and entirely out of season.

Wareham said nothing, but left the "castoff" on the wall. Now he is looking for the man who took his hat, and, incidentally, he is looking at every hat worn on the streets.

## RELEASED ON A \$500 BOND

Man Who Is Charged With Writing Improper Letters.

T. H. McKenna, a United States deputy marshal, returned Sunday afternoon from Warsaw, having in custody M. W. Babbitt, of near that place, who is charged with sending improper letters through the mails to Katie Rockwell, a St. Joseph, Mo., girl.

Babbitt was taken to Clinton last evening, and on arrival there was arraigned before W. J. Jeffries, a United States commissioner. Babbitt furnished a \$500 bond, signed by his brother, William Babbitt, for examination.

Mr. McKenna returned home to Jefferson City this morning.

## HELD SERVICES OUT DOORS

The First Baptist Congregation Did Sunday Night.

The first open air religious service held in Sedalia this summer was that of Sunday night by the First Baptist church, of which the Rev. Frank Y. Campbell is pastor.

The attendance was much larger than usual. The pastor's theme was, "Surrender Pether Than Defiance," and his utterances commanded the rapt attention of his auditors from beginning to close.

It is possible other churches will pattern after the Baptists in the matter of outdoor services during the heated term.

## CASE WENT OVER TEN DAYS

That of Ida Greer, an Alleged Peace Disturber.

Ida Greer, of South Kentucky avenue, who was arrested by a deputy constable Saturday night for disturbing the peace of the family of W. H. Page, an M. K. & T. shopman, was arraigned for hearing before Peace Justice Rickman today.

Through her attorney, W. D. O'Bannon, she secured a continuance of the case for ten days.

## LATHAM FLEW 16 MILES

A FRENCH AVIATOR TRIED TO CROSS OVER THE BRITISH CHANNEL.

## MOTOR FAILED HIM AT A GREAT HEIGHT

Both Man and Machine Fell Into the Sea and Were Rescued By French Boat—Greeted With Great Enthusiasm.

Calais, France, July 19.—Herbert Latham, a French aviator, after waiting more than a week for a favorable opportunity to attempt a flight across the channel from Calais to Dover, made a start this morning, but after covering about sixteen miles and while at a great height, the motor failed and the machine fell into the sea. A French torpedo boat rescued Latham and his monoplane from the water. Latham's start was made from the top of a cliff at Sangatte under propitious circumstances. A crowd of several thousand persons crowded around to witness the start and the entire population of the neighboring villages lined the shore below.

When the torpedo destroyer entered the harbor, returning with the aviator and machine on board, Latham received a tremendous ovation and it was with difficulty that he made through the throngs. He was compelled to kiss several girls, who threw their arms about his neck. The monoplane was badly damaged but Latham was unhurt.

## HIGH MARK IS REACHED

Regular Circulation of D-S. Sunday Broke Previous Records.

Sunday, July 18, 1909, was a red-letter day in the history of the Democrat-Sentinel's circulation. More papers were printed and distributed than on any previous day since the consolidation of the papers in January, 1907, to supply regular subscribers.

For the past sixty days the subscription list of the Democrat-Sentinel has enjoyed a steady growth, both in and out of town. This, when it is known that no especial effort has been made to secure subscribers except in the regular way, bespeaks the appreciation of the people of a wide-awake, progressive, newsy and advertising medium.

The Democrat-Sentinel is grateful for such recognition, and its efforts to continue with the progressiveness that has characterized its past will be continued, improving the paper in all its phases, news, advertising and otherwise.

## WAS EASY FOR THE "CUBS"

California Team Defeated by a Score of 10 to 1.

Between 300 and 400 people witnessed the defeat of the California ball club by the Sedalia Cubs at Liberty park Sunday afternoon, by a score of 10 to 1.

Tom Duvenick was in the box for the visitors, but his support was rank, and after the fifth inning he put forth no effort, conceding defeat for his team.

McGurran was on the firing line for the Cubs and pitched his usual good game. The score follows:

R H E  
Sedalia . . . 0 1 2 2 0 3 0 0—10 10 2  
California 0 0 0 0 1 0 0 0—2 3 5  
Batteries—McGurran and Wilkerson; Duvenick and Hickox. Umpire—Walbridge. Time—1:35.

## GASOLINE STOVE AGAIN

Woman's Arms Burned and a \$200 Fire Resulted.

The explosion of a gasoline stove at the home of Fred L. Schach, a driver for the Pacific Express company, at 1429 South Osage avenue, at the noon hour today, resulted in a \$200 fire, covered by insurance.

In trying to extinguish the flames, Mrs. Schach was severely burned about both arms, requiring the attention of a physician.

The summer kitchen and rear part of the house were consumed by the flames. The fire had good headway, but was promptly checked when the fire department arrived.

## COMING HOME?

Back to Sedalia, the beautiful  
Queen City, and visit again the  
scenes of years gone by.

The Home Coming reunion  
will be held October 2, 3, 4 and  
5, during the week of the Mis-  
souri State Fair.

The semi-centennial of the  
founding of the city will be  
celebrated, and a grand wel-  
come will be extended to all  
who gather to commemorate  
the event.

There are ex-Sedalians every-  
where, but they will all be here  
again at the Home Coming.

## The Weather Forecast.

Fair, tonight and Tuesday; not  
much change in temperature.

CHINESE PREJUDICE THEIR  
CAUSE.

The story from Denver further com-  
plicates the mystery in the strange  
Elsie Sigel case. Reluctant as we  
may be to accept it, it has elements  
of probability which tally with the  
known facts. Its significance, how-  
ever, is vastly more important in its  
bearing upon the status of Chinese  
in this country than upon the tragedy  
itself. The story gives what pur-  
ports to be the report of the Chinese  
consul at New York upon the case to  
his government. Briefly, it is to the  
effect that an investigation conducted  
by that official showed that Elsie  
Sigel committed suicide in Leon  
Ling's room by taking poison to hide  
the results of her escapades with  
Chinamen. It is asserted that Leon  
Ling, on this theory of the case, is  
being protected by a secret Chinese  
society, with the cognizance and ap-  
proval of the Peking government.

It is difficult to accept the part of  
the statement which compromises the  
Chinese government, although in all  
probability if the fact of the consular  
report itself is established, the state  
department will investigate the mat-  
ter. Washington, however, is not dis-  
posed to take the alleged disclosure  
seriously. It relies upon the belief  
that China will do all in its power to  
assist the authorities of America to  
capture Leon Ling. Any other view  
would involve a transgression of in-  
ternational ethics which is not to be  
taken for granted or lightly assumed.

The more serious phase of the inci-  
dent is the Chinese society which is  
said to be giving the alleged murder-  
er a refuge. If this information  
contributed from Denver is correct,  
the organization not only exists in de-  
fiance of our laws, but its practices  
breed and protect crime and tend  
strongly toward anarchy. The  
power of the Chinese society is not  
to be doubted and its mysterious  
methods evolved from centuries of

Oriental superstition and cunning  
have proven and may prove in this  
instance more than a match for Occi-  
dental police.

If it is true that the Chinese have  
such an organization in the United  
States it is a strong argument in  
favor of more rigid exclusion of im-  
migration from that quarter of the  
world. Nor could we afford under  
any circumstances to extend citizen-  
ship to a nationality which bands it-  
self together for sinister purposes  
which threatens our laws and institu-  
tions. Whether Leon Ling is guilty  
or not, he ought to be surrendered to  
the authorities for trial, and if the  
Chinese protect him they will do  
more in this one instance to prejudice  
Americans against their entrance to  
the country than by any single act  
which has occurred in half a century.

The excuse of the ice trust for in-  
creasing the price of ice in New  
York is that ice is worth more in  
summer than it is in winter. The  
members of the trust will likely find  
that it is worth more in the place  
where some people go when they die  
than it is here on earth, too.

We are living in an "era of good  
feeling," but never were the people  
more intelligently discussing affairs  
and watching the signs of the times.  
They are not apathetic—simply in a  
brown study. Politicians should make  
a note of this.

President Taft seems to be of the  
opinion that some of the early arri-  
vals in New England fled persecution  
in England to come to America to  
worship God according to the dictates  
of their own conscience—and make  
everybody else do the same.

One of our exchanges says that  
every time the democrats invent a  
scheme that is any good the republic-  
ans take it away from them. Well,  
what's the difference so long as the  
country gets the benefit?

Eggs, it seems, would not be so  
high if chicken feed were not so high;  
and chicken feed would not be so  
high if eggs were not so high.  
Whereupon it is adjudged that you  
cannot beat the system, anyhow.

Without the tariff, income tax and  
corporation tax to discuss and worry  
over, what would the American peo-  
ple do this summer for their favorite  
amusement of kidding?

Mrs. Thaw was particularly weepy  
over the prospect of having her allow-  
ance stopped.

Jim Hill has sighted a great pros-  
perity wave. Three cheers for Jim!

The big stick still lands, notwith-  
standing it is in Africa.

## Will Not Quit the Pulpit.

The Rev. Earl Witley, pastor of the  
First Christian church, St. Louis, who  
some weeks ago lectured here, under  
the auspices of the Tribe of Ben Hur,  
has given up his intention of quitting  
the pulpit for the lecture field, de-  
spite the fact that he will sacrifice  
\$3,000 a year by so doing. The  
Tribe of Ben Hur wanted him as su-  
preme lecturer, but he will remain  
with his congregation in St. Louis.

## TROOPS FIRE ON STRIKERS

Constabulary Surprised Standard  
Steel Workers.

Butler, Pa., July 19.—Taking the  
striking employees of the Standard  
Steel Car company completely by sur-  
prise, a detachment of state constabulary  
arrived here from Punxsutawney  
late last afternoon to guard the com-  
pany's property at Lyndora.

The strikers angered by the appear-  
ance of the constabulary gathered  
around the plant and in a clash with  
the mounted troopers one striker was  
probably fatally shot, two members of  
the crowd wounded and more than  
ten injured.

## IT IS A GREAT RAILROAD

(Continued from Page 1.)

period of depression safely and came  
out in good physical condition entirely  
as the result of honest and capable  
management and with greater ton-  
nage or earning capacity in sight than  
it had enjoyed in its history. There  
was, of course, an accumulation of  
repair work on rolling stock of all  
kinds. But the tracks generally were  
kept up. West of Kansas City track  
improvement was neglected pending  
the time for general reconstruction  
now in progress. The number of em-  
ployes was reduced in order to keep  
within the revenue income and nei-  
ther that portion of the public that felt  
resentful toward all railroad inter-  
ests, competitors or competitive sit-  
uations were permitted to involve the  
property or its management in any  
injurious conflict.

## Faced a Declining Revenue.

Facing a declining revenue and  
earnings statements during the years  
1907 and 1908, the management never  
receded from the position taken by  
it that the 2-cent rate law and the  
maximum freight rate law in Mis-  
souri were confiscatory and therefore  
illegal or unconstitutional. The ques-  
tion gravely concerned the bond is-  
sues already made and vitally affected  
any prospective issues. Any attempt  
to even refund bonds issued years  
ago under conditions that existed in  
Missouri before the decision of the  
federal court that the Missouri rate  
laws were confiscatory and illegal,  
might have proved disastrous and  
carried away in failure the plan for  
the new issue over the consolidation  
of mortgages on small lines in Mis-  
souri and adjoining states. The pre-  
cedent of the Missouri decision, which  
was not compromised by the Mis-  
souri Pacific and one or two other  
lines of the state, was viewed at the  
money centers as an indication that  
the 2-cent passenger rate law is not  
sound in any of the states west and  
some of the states east of the Missis-  
sippi river, and the same view is ap-  
plied to most of the railways and ap-  
plications of rates affecting revenues  
made by state commissions.

## Greater Tonnage Advantage.

With respect to prospective greater  
tonnage and its effect on the issue of  
bonds by Missouri Pacific, bankers  
were ready to see and realize the  
tonnage advantages to accrue to the  
line through the opening of the West-  
ern Pacific railroad, which in con-  
nection with the Denver & Rio Grande  
will exchange traffic with the Mis-  
souri Pacific at Pueblo under a con-  
tract filed with the trustee of West-  
ern Pacific bond issue, guaranteed by  
indorsement of the Denver & Rio  
Grande. The Missouri Pacific and the  
Rio Grande contracted to make in-  
terchange and Missouri Pacific will  
get the long hauls on all east bound  
through business. Operation under  
this agreement will be effective on  
the opening of the Western Pacific

for business, which will be late in the  
present year.

## Extensive Improvements.

In order to take care of the largely  
increased tonnage of a transconti-  
ental route Missouri Pacific has made  
an extensive reballasting and line  
improvement contract that is now be-  
ing worked out. An order for 100  
new locomotives has been placed and  
orders for new rails are said to be in  
prospect. Many people are able to  
discern at this time what President  
Gould referred to at the commence-  
ment of the decline in Missouri Pa-  
cific stock in August, 1907, when he  
said he intended to put his Missouri  
Pacific stock away and keep it be-  
cause it was worth \$150 a share to  
him. While entering transcontinental  
competition he is no more likely to  
throw away a large percentage of the  
value of his stock than is President  
Harriman of the Union Pacific, his  
closest competitor, likely to throw  
away a large proportion of the 10 per  
cent dividends on Union Pacific stock.

## Road's High Water Record.

No 280 miles of single track rail-  
road was ever known to have carried  
more traffic without accidents as suc-  
cessfully as did the Missouri Pacific  
carry its own and the traffic of three  
or four other lines during the week  
just closed. The work of the em-  
ployes in the transportation, telegraph  
and train service shows as nearly a  
perfect and harmonious organization  
as was ever built up by operating of-  
ficers. The traffic at times showed  
trains every twenty minutes for pe-  
riods covering sixty hours. That  
means trains of all classes and be-  
longing to various lines. It included  
solid trains of California fruits that  
travel on the fastest passenger sched-  
ules; stock trains that must be placed  
at unloading yards once every twenty-  
eight hours, export dressed beef  
trains that move on passenger sched-  
uel to the seaboard, and what are  
known as the regular "red ball"  
freight trains, carrying only "time"  
freight. Then there were passenger  
trains of various lines, some having  
rights over others. Some of these  
trains from foreign lines furnished  
their own engines, but a "pilot" fa-  
miliar with the Missouri Pacific line  
had to be placed on every engine  
drawing every foreign train.

## Good Service for All.

At one time it became necessary  
for the management to refuse heavy  
freight business that was not perish-  
able, but all other classes of traffic  
were taken by train lots and safely  
delivered. With such an increase in  
the number of trains and no increase  
in trackage, delays were of course un-  
avoidable. But no advantage was  
taken and the very best possible was  
given to all. Only slight interference  
by high water was felt on the Mis-  
souri Pacific line. Between Boon-  
ville and Jefferson City the embank-  
ment was weakened and all trains on  
the river division were sent by  
way of Tipton to Boon-  
ville. In the Joplin district the  
River Marais De Cygnes washed out  
the track and trains were detoured  
several days by the M. K. & T from  
Sedalia to Nevada. All agents were  
notified by circular Saturday that all  
trains again placed in regular sched-  
ule service.

## SELF DEFENSE IS PLEADED

Louis Hale, Springfield, Mo., Killed  
John Zimmerman.

Springfield, Mo., July 19.—Louis  
Hale, who surrendered last night af-  
ter shooting to death John Zimmer-  
man, said Sunday he would plead self-  
defense. Zimmerman went to his  
sister-in-law's home Saturday night to  
take his wife home.

She said she was not able to go, and  
Zimmerman, drawing a knife, ran ev-  
ery one out of the house but her.  
Hale, a boarder, whom he chased  
around the house two or three times,  
ran into his room and obtained a re-  
volver.

He reached the front porch as Zim-  
merman started into the house and  
shot him.

### EVELYN THAW'S "STORY"

**DECLARED SHE TRIED THREE  
YEARS TO PREVENT  
WHITE'S MURDER.**

**IN LOVE AGAIN, BUT NO NAME IS GIVEN**

**Has Family Career Mapped When  
Free From Man, She Avers—  
Says Harry Thaw Won Her  
By His Threats.**

New York, July 19.—Evelyn Thaw, in a sensational interview in a morning newspaper, declares that she tried for three years to prevent the murder of Stanford White by Harry Thaw.

She asserts that Thaw stole her from White, whom she dearly loved, by flourishing a pistol and threatening to kill him.

She admits she is what she calls "unmoral," but wants it understood that she never committed a crime.

Without hesitation she announces that there is a man whom she loves better than any one else in the world, but declines to give his name.

This man, she asserts, she may

marry and "rear children in the fashion of a good housewife and mother." The career she has mapped out may be the only obstacle.

Thaw she denounces as a "miserable man," and says he was "absolutely stinging." She relates how he flogged a hotel page and then rubbed salt into the boy's wounds.

She declares that her story on the stand of her drugging and subsequent treatment by White was absolutely true. She announces that she has no desire to profit by her notoriety, and that if she should accept vaudeville opportunities offered her, she would soon be independently rich.

Altogether the interview is so frank and so in opposition to Thaw's interests that he is likely to be somewhat more disturbed than usual upon reading it, especially as he is hearing the critical moment in his fight for release from the asylum for the criminal insane.

Mrs. Stanford White and her son, Lawrence Grant White, were returning voyagers Saturday on the American liner St. Louis.

Mrs. White was still attired in deep mourning, and had remained secluded during the most of the voyage, though occasionally walking on deck with her son. She declined to say anything for publication.

"I do not see what I could be expected to say or why I should be troubled," she said.

Last week we showed you the illustration of the old style of harness saddle and called your attention to the faulty parts. The above cut will show you the improved New Ideal harness saddle.

For durability and strictly up to date style, they have no equal. You will see there are no holes in the center of the saddle tree, but the old styles have, which strengthens them. There are no taps, bolts or screws on the underside to work loose and chafe a horse.

The check hook we positively guarantee never to break off by the stumbling of a horse. Look at your old harness and you will see the difference.

Is there any good reason why you should not buy your harness with the improved New Ideal harness saddle and get the benefit of the advantages?

They cost you no more than the inferior old style. We are sole owners of the counties of Pettis, Cooper, Henry and Saline. It is to your interest to call and see them before buying your harness.

### NO NEGROES ON THE FORCE

**Color Line Has Been Drawn by St.  
Joseph Commissioners.**

St. Joseph, Mo., July 19.—There will be no negro patrolmen on the St. Joseph police force under the present administration. That is practically agreed upon by the police commissioners. They have announced the appointment of two negro janitors.

When local democrats learned that Missouri had elected a republican governor they predicted that the police force would be turned over to

groes. Democrats found much amusement in making up imaginary "states" with well known negroes listed for chief of police, captain of police and police sergeants. They usually indulged these pleasantries in the presence of veterans of the police force or in the hearing of prominent republicans.

### IS THIS DIVINE LIABLE?

**Among Lobbyists Who Have Not Filed  
Expense Accounts.**

Rev. Dr. Ray Palmer, of this city, is liable to a fine of a hundred dollars a day for not filing his expense account as a registered lobbyist for the prohibition laws in the Forty-fifth general assembly, says the Jefferson City Democrat.

The law requires those who act as lobbyist to file an expense account with the secretary of state and all those who do not file within the required time are liable to a fine of one hundred dollars a day for every day over the time for filing.

Attorney General Majors has announced that he will begin prosecutions at once against all those who have not complied with the law.

Philadelphia, Pa., July 19.—Learning that his 13-year-old son was wanted on the charge of highway robbery, Michael Hughes, a guard at the City hall, marched him to a police station and surrendered him to the officer in charge.

When the son was arraigned before Magistrate Carey, the elder Hughes asked that he be given a year at hard labor, but the magistrate said that the case was one for a higher tribunal to decide.

## FIGHTING OVER A WILL

THE CASE IS BEING HOTLY CONTESTED AT CAPITAL OF THE STATE.

### TESTIMONY OF THE WITNESSES DIFFER

Will Filed Bequests About \$29,000 to John F. Heinrichs and \$500 Each to Children of Testatrix, Who Was His Wife.

If the will of Mrs. Henrietta Schott-Heinrichs, filed in probate court yesterday, is held to be legal, John F. Heinrichs will receive about \$29,000 of her estate, which is valued at about \$31,000, says the Jefferson City Post of the 17th inst. The children of Mrs. Schott-Heinrichs each are to receive \$500. The legality of the will will not be decided for several days, as much evidence is yet to be introduced in the depositions that are now being taken to keep the admission of the will from probate.

The evidence of the will so far introduced is contradictory. The will was made in Jefferson City, bears the date of April 7th, 1909, and was witnessed by George B. Miller and Fred Sessinghaus. Both witnesses on being examined do not agree in their testimony.

Fred Sessinghaus, the first to be sworn, states that he was not a witness to the will of Mrs. Heinrichs, but admits his signature to her will.

He states that he was called into the store of John Heinrichs and says that he signed a will that Mr. Heinrichs told him was his, Mr. John F. Heinrichs' will.

He also stated that when he signed the will Mrs. Heinrichs was not present. He also said that this signature of his was made after Mrs. Henrietta Schott Heinrichs was dead and buried.

George B. Miller, when put on the stand, swore that the will was signed by Mrs. Henrietta Schott Heinrichs on the 7th day of April in the presence of himself and Fred Sessinghaus, at her home over the First National bank, after which he and Mr. Sessinghaus signed as witnesses.

He states that on the date above stated he was called by Mrs. Heinrichs over the telephone to come to her home, that she wanted to see him. He says he went there and that she requested him to draw up the will, which he did.

After drafting the will he told her that it would take two witnesses to make it valid. He said that she then asked him if he would act as one of them, and they asked him to get another, which he says he did.

He says he then went down on the street and got Mr. Sessinghaus, who consented and went upstairs and signed as a witness, after Mrs. Heinrichs had signed the will in their presence.

Emma Henack, a servant girl of Mrs. Heinrichs, was put on the stand and testified to Mrs. Heinrichs calling Mr. Miller to the home by telephone the morning of the date of the will. She said Mr. Heinrichs was in Sedalia on the day the will was made, and that she opened the front door for the two to enter.

Wm. C. Young was put on the stand and asked if he had seen Sessinghaus in the Heinrichs furniture store.

## Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—your lungs are being slowly poisoned. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture." Good! Very good! Hereafter history repeats itself, and others, should insist on having Dr. Shoop's Cough Cure—and none in the medicine, else it must be law to be on the label. And it's not only safe, but it is said to be by those that know best, a truly remarkable cough remedy. Take to chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the difference. No poison marks there! You can always be on the safe side by demanding

## INTERVIEWED THE PRESIDENT

House Leaders Wanted to Find Out Just What He Demanded.

Washington, July 19.—Cannon and Dwight, the latter the republican "whip" of the house, had a conference with President Taft today regarding the votes the president has undertaken to deliver to the conferees on the tariff bill in support of the sort of measures the president desires, which means a downward revision on practically every schedule of the Dingley law and but a small duty, if any, on raw materials.

Dwight expressed the opinion afterwards that the bill as reported from the conference will be passed by the house and be acceptable to the president.

## DIAMONDS OF A SUICIDE

CLAIMED BY A MAN WHO SAID HE WAS NOT THE WOMAN'S LEGAL HUSBAND.

## POLICE AT INDIANAPOLIS ARE PUZZLED

Case Is Mysterious, As the Man Is Said to Have Referred to the Woman at Delaware, Ohio, as Helpmate.

Indianapolis, Ind., July 19.—If the Mrs. Adams who committed suicide here ten days ago was not the wife of Frank R. Adams local police authorities may question his right to diamonds and other jewelry he received as her husband.

According to Richmond authorities, Adams says the woman was not his wife, but he signed the "recovered property" book at police headquarters as the husband of the woman.

When he received the jewels at police headquarters he wrote "Elizabeth C. Adams, per Francis R. Adams, husband," and the valuables were turned over to him.

"If the woman was not his wife then the diamonds and jewelry did not belong to Adams, regardless of whether or not he gave them to her," said Captain Hyland. "Those valuables belong to the woman's mother if Adams and the woman were not legally married."

Dr. F. C. Stewart, who was called to attend Mrs. Adams before her death at the Methodist hospital, said he talked with Adams over the long-distance telephone on the evening of the tragedy, and that Adams spoke of the woman as his wife.

"I had him called at the Westcott hotel, in Richmond," Dr. Stewart said, "and shortly afterward he called up the hospital to ascertain what had happened to his wife. I was called to the phone, and he asked me to tell him the condition of his wife. I wanted him to come at once, and I hesitated about telling him that the woman had died about ten minutes before he called."

When Coroner Blackwell was asked if Adams represented himself as the husband of the woman who killed herself he said that Adams did. The coroner said the man spoke of the woman as Mrs. Adams, and made the arrangements for sending the body from the undertaking establishment to Logansport. He said Adams came to Indianapolis from Richmond at 11:15 o'clock on the night of the tragedy.

Adams is said to have declared to persons here, after the story was printed that he has a wife at Delaware, Ohio, that he was the husband of the woman who committed suicide.

According to the Richmond end of the story, Adams declared there that the suicide never had been his wife.

The court records at Logansport show that Francis R. Adams and Elizabeth C. Wooster were licensed to marry March 15, 1904, and that they were married that night at the bride's mother's home by Rev. J. H. Craig.

If Adams' statement at Richmond is true, there are two men of the same appearance, of the same name, and initials, and both must have been at the Westcott, at Richmond, on the night of the tragedy here.

### THE SPRECKELS WILL CASE

Two Sons Cut Off, as They Had Already Been Provided For.

San Francisco, July 19.—Hearing of the first stage of the contest over the will of the late Claus Spreckles, the sugar millionaire, is scheduled to begin today before Judge Coffey.

The demurrer of John D. and Adolph B. Spreckles, the contestants, to the petition of Rudolph and Claus A. Spreckles, the executors of the estate, for a partial distribution of the property, will be heard.

Spreckles left his entire estate in trust for his widow during her life, the whole to be divided equally at her death between his sons, Rudolph and Claus A., and his daughter, Anna C. Ferris.

John D. and Adolph B. Spreckles were cut off without a cent, the will stating that adequate provision had

Charged With Conspiring to Close Independent Concern.

New York, July 19.—Additional developments are expected today in the government prosecution of the American Sugar Refining company, better known as the Sugar trust.

The directors of the alleged trust, who are charged with conspiring to close up an independent refinery, are expected to demur to their indictments today.

There are fourteen counts in the indictment, which charges conspiracy in restraint of trade. Conviction on each count carries with it a fine not to exceed \$5,000, or imprisonment not to exceed one year, or both.

### PRETTY OKLAHOMA GIRL

JOURNEYED TO LOUISVILLE, KY., TO MARRY MAN SHE HAD NEVER SEEN.

### SINGLE LOOK AT HIM WAS SUFFICIENT

Instead of a "Handsome Drummer, 32 Years Old," She Found Toothless Teamster Fully 65 Years of Age.

Louisville, Ky., July 19.—After journeying all the way from her home in Oklahoma to marry a "handsome drummer, 32 years old," with whom she had corresponded, Miss Hattie Clark, 19 years old, arrived in New Albany, took one look at her prospective husband, M. C. Brock, a widower, 65 years old, with two children, and then called on the police department for aid.

In her appeal for help she said she had been deceived, that Brock was minus a tooth, looked cross-eyed at her and is neither a drummer nor handsome.

She said she is the daughter of Dr. Riley Clark, a prominent physician of Renfro, Ok., and that she is one of a family of nineteen children. Brock, her erstwhile fiance, is a teamster.

Miss Clark seemed greatly affected by her shattered romance and said her family knew nothing of her matrimonial escapade.

When Brock learned that the girl was begging for aid at Central police station he went to her rescue, and after paying her bills, furnished her with railroad fare to her brother's home in Memphis.

The girl is extremely pretty and very dramatic. She sent out C. Q. D. calls by placing advertisements in local papers declaring she was being "held a prisoner against her will."

An investigation proved that she was a guest in the home of Brock and that her sole company at the time was Brock's 8-year-old boy.

### CORPORATION TAX ACCEPTED

Conference Committee Reached an Agreement on President's Measure.

Washington, July 19.—The conference committee of both houses of congress on the tariff bill today agreed to accept the senate's corporation tax amendment, but the agreement was not reached until after the provision had been redrafted by the attorney general and many changes made.

Senator Cullom, one of the conferees, was called away from the conference today to attend his wife, who is very ill.

Before leaving, Cullom left instructions with Alrich to cast his vote in favor of free hides, for the senate duty on gloves and hosiery, for free coal or for a reciprocity arrangement and for the senate provision for a countervailing duty on petroleum.

### ONCE CLOWN, NOW SALESMAN

Iowan Will Meet Old Circus Friends in Kansas City Today.

St. Joseph, Mo., July 19.—From circus clown to coffee salesman is the odd step that was taken by John W. Swisher, long one of the most famous clowns this country knew.

For years he was the principal fun-maker with the old John Robinson show, and he and Al White, now Ringling's best clown, were associates of the sawdust track.

White will be in Kansas City today with the Ringling show, and Swisher will not miss the chance to renew the acquaintance.

When Swisher is off the road he lives at Brighton, Ia., the village where he was born and reared. There, too, live the family of White, as well as the relatives of several other circus performers, and Wood, the horse trainer, now touring in Europe. They all get together in the hamlet every winter and spend many evenings talking over the days when most of them worked together.

Read what a former Saline county man has to say about this new town:

Mr. H. L. Hall, Marshall, Mo.

Dear Sir:—From the best information obtained, the Wildorado proposition is all right, as it is located in a fine agricultural section of country and is situated as nicely as could be in all Panhandle, and don't think a man could make a mistake in buying lots.

I have tried gardening for family use and find my garden truck does as well as in old Saline of all varieties that I tried. (Signed) H. L. SMITH, Amarillo, Texas.

## RUMBLINGS OF THE RAIL

ANOTHER BLOCK OF GROUND IS PURCHASED BY M. K. & T. IN ST. LOUIS.

### COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

A deal is being closed by which the Missouri, Kansas & Texas railway will add another large block to its present holdings in North St. Louis, says Sunday's St. Louis Globe-Democrat. The company has been buying up the land quietly, and titles to all of it has now been secured, it is understood.

The property is bounded by Broadway and Second, Mound and Howard streets, and has in all a frontage of 1100 feet. It was owned by thirteen different parties, M. Scharff and E. Paramore being the largest holders. The price paid for the block is said to have aggregated over \$500,000. The company already holds in the name of the St. Louis, Keokuk & Northwestern railway, the entire two blocks east of the new acquisition. It also holds a number of parcels of land between that and O'Fallon street, where, at the corner of Main street, its present freight depot is located.

Last spring the company acquired a strip of ground a mile and a half long and 1000 feet in width along the right of way of the Burlington railway in the vicinity of Baden.

The block just acquired will, it is said, be used as a site for a passenger and freight depot. It is known that it is the desire of the Missouri, Kansas & Texas to establish independent terminals in St. Louis, and the constant purchases being made by it are to this end. It is also said to be its ambition to cross Broadway to the west. This can only be done by means of tunnels, and the topography of the block between Mound and Howard on Broadway is such that by means of it the tunnel project could be successfully carried out.

The M. K. & T.'s Fast Trains. Plans for the inauguration of the new fast through Texas train service on the M. K. & T. railroad are developing and it is believed the date of Sunday, September 4, will be the date on which the new train will go into service, says Sunday's St. Louis Star-Chronicle.

In order that the service shall be in every way up to date, orders were given Wednesday last to equip the cars with electric lighting apparatus and electric fans.

A time card has been prepared and the management will figure on the train leaving St. Louis daily at 10 o'clock in the morning and points in

North Texas about the same time, so as to arrive here as a morning train. The plans are to distribute all of the equipment at points on the road so that the various trains that will be required in the service will be started at different points of the system simultaneously. In this manner the service will be inaugurated at the same hour, just as it will be operated subsequently.

Daniel Miller, superintendent of dining cars and stations, says construction work on the new meal station at Mokane, Mo., where the train will be fed both ways, will soon begin. The equipment for the station has been ordered and it is designed to have the station in operation by September 1.

The schedule of twenty-two hours to Dallas is provided on the preliminary time card and shorter time to San Antonio is also anticipated. It was stated Saturday that the damage done by high water to M. K. & T. track along the Missouri river near St. Charles would be repaired by Monday and that it would be in condition for the fast trains to make their regular schedules without difficulty by the middle of August. This means that by that time "slow orders" for running over the track that was washed out will not be necessary.

Did Not Go Away to Wed. John R. Lewis, the Missouri Pacific copper-smith, returned last night from a visit at Holsington, Kas., and in Colorado.

The report given the Democrat-Sentinel July 4 by John Bras, an M. K. & T. shopman, that Mr. Lewis had gone to Holsington to wed Miss May Farris, never had any foundation, Mr. Lewis says, and he ought to know. If this is Mr. Bras' idea of a "joke," he has very little conception of the meaning of the word.

Mr. Finney Returns Thanks. Supt. N. J. Finney, of the M. K. & T., has issued a bulletin personally thanking all trainmen and engineers for the efficient service rendered while foreign trains were detained over that road.

According to the bulletin, the railway official was heartily appreciative of the work done by the men, not a single accident being reported during that time.

Trains Through on Sunday. M. K. & T. trains were run through to St. Louis yesterday, after being detained over the Missouri Pacific a part of way for several days on account of the high water.

Train No. 2 was the first to run through.

Engineer Not Doing Well. W. H. Chapel, a Missouri Pacific engineer, who was injured in a derailment on the River district some time

ago, is not getting along as well as was expected, and will arrive here this week to visit his parents, Mr. and Mrs. "Hank" Chapel. One of Mr. Chapel's hips appears paralyzed.

### Automatic Couplers.

J. C. Hunter, an M. K. & T. brakeman, is ill with an attack of indigestion.

Albert Rankin, travelling auditor of the Katy, went to Fayette today on business.

Arthur Frakes, roadmaster for the Katy, made a business visit on the Kansas City division today.

George Brittendall, division time-keeper for the Missouri Pacific, went to Pleasant Hill this morning.

C. H. Freese, a Missouri Pacific bridge and building foreman, went to Warrensburg this morning.

J. M. Chandler, roadmaster for the Missouri Pacific, made a business visit on the west end today.

Frank Staples, a Missouri Pacific conductor, is running for J. H. Lafferty on the Lexington branch.

F. E. Miller, of St. Louis, superintendent of the M. K. & T. dining service, is here today on business.

Russell Hunter, former caller for the M. K. & T., has secured a position as brakeman for that road.

Division Engineer A. P. Morrison, of the Missouri Pacific, left today for a business visit on the River district.

L. W. Mosher, commercial agent for the M. K. & T., will go to Jefferson City at 4:30 o'clock this afternoon on business.

Superintendent N. J. Finney, of the Katy, is at Nevada today, preventing a blockading of the yards by reason of the state encampment there.

L. C. Redmond, assistant general foreman of the Missouri Pacific telegraph department, left this afternoon for a business visit at Coffeyville, Kas.

C. E. Whitney, general chairman of the grievance committee of the O. R. C. on the M. K. & T., left this afternoon for Independence, Ia., on business.

Mike Smith, a Union Pacific round house foreman at Omaha, Neb., has returned there, after a visit here with his aged mother, who is in poor health.

Harry Wilson, a former M. K. & T. shopman, has entered the employ of the Sedalia Light and Traction Co. in the capacity of a street car conductor.

Harry Spillers, an M. K. & T. brakeman, is a patient at the company hospital, following an operation performed Thursday. He will be at the institution two weeks longer.

Percy Little, an Iron Mountain shops foreman, who has been visiting his wife's mother, Mrs. Bell Asher, left this afternoon for Little Rock, Ark., to resume work. Mrs. Little will prolong her visit here.

### Resigned as Treasurer.

Miss Hattie Nichols has resigned as treasurer at the Airdome and will leave on August 1 for an extended visit with her brother at Yellow Grass, Canada.

The Globe's clearing sale, now on, offers every advantage to economical people.

### County Court In Session.

The judges of the Pettis county court are in session today, but up to the hour the Democrat-Sentinel went to press nothing aside from the general run of business had been transacted.

### SENT PRIVATE CAR HERE

To Convey Faithful Katy Employee to Toronto, Canada.

J. W. Petheram, chief engineer for the M. K. & T. in Texas, accompanied by his family, left this morning for Toronto, Canada, to spend the summer.

Mr. Petheram has been confined at the M. K. & T. railway hospital in this city since May 5. Shortly before that date he was stricken with paralysis. Since being here his family, of Dallas, has been with him.

On account of Mr. Petheram's loyalty to the M. K. & T., Vice President and General Manager A. A. Allen dispatched the private car of Assistant General Manager A. D. Bethard here to convey Mr. Petheram and family to Toronto.

The party went to St. Louis in the car attached to train No. 2.

### Burial of Archie Butler.

The funeral of Archie Butler, who dropped dead at the home of a relative on E. St. Louis street Friday afternoon, was held from the Sedalia Undertaking company's chapel at 3 o'clock this afternoon, burial being made in Crown Hill cemetery.

### HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

One Dollar Bottles Guaranteed.—Scotten Drug Company.

### Circus Men Had a Fight.

Frank Coy, cook with LaMont Bros. circus, struck Frank Williams, another employee, over the head with a club at Smithton today and was arrested by Deputy Constable Charles Jackson. The accused will be tried in Justice Rickman's court.

### Clinton Defeated Ulrich.

At Clinton Sunday, the Clinton ball club defeated the Ulrich team by a score of 1 to 0. These clubs have played five games, Clinton winning three.
